PRAVDA I advised the USSR to organize and legislate for the good of the majority since I was captured by the KGB in the 1951. Back then they were as idealistic as I was though it's taken along time to get used to the emotional side of human nature.
HELEN SHARP and her you can see George shaking hands with premier Gorbachov during his administration.

MOSS If you're not picked up by the VIGILANT try and splash down near EQUIDOR and I might be able to pick you up on the ESPERANTON my gallion ship which is ready and birthed off the coast of Ecuador .

HELEN SHARP This being where Charles Darwin first proposed his theory of evolution when he arrived on the BEAGLE.

WALT BASCOM may fortune favour the foolish

IAN BANNAN As the rises the pressure on the outside will drop to zero and the pressure on the inside will increase .

IAN BANNAN Latest intelligence from the flower bed relayed through JODRELL BANK and a radio telescope in Chelmsford England

PRAVDA My warriors are on their way

IAN BANNAN But if they don't arrive get into that suspended animation unit and be ready for Splashdown in the Red Sea .Hhopefully we can send the Black Prince submarine to collect you before the Russians do .
